This set of Adventure Series

.
.
I know that it may seem right now that we have more questions than answers but the answers will come. We need our confidence to grow.

Can you see that you need to have faith in these principles of the King James Bible containing its own definitions before you can go earnestly searching and looking for answers? YES/NO

2  CAN YOU UNDERSTAND THAT YOU WILL GIVE UP IF YOU DON'T BELIEVE IN A PRINCIPLE? YES/NO

This is the reason why we're taking our time to build up our confidence in our assurance before we actually start to look.

This series of Adventure Studies

Follow a simple
format that
involves your
participation

It is very important that you get to do the exercises for yourself. You have to break a habit of a lifetime. You have to believe that God has given you the answers if only you will look for them.

He wants the King James Bible to be your complete reference work of what he has to say to you in the English language. If you do not learn this and practice it you'll start using the shortcuts. There are so many available shortcuts to understanding the Bible. Which version to trust which commentator to trust?

Once you settle on the fact that the King James Bible is the Word of God and that the King James Bible will define itself for you, then you can relax and move forward in confidence. But you must learn by doing.
